

Child History(Ashish)

Ashish, a 6 years old child belongs to a very poor family of Vasudevpur, Varanasi. He is studying in LKG class in St. Joseph School. His father, Raj Kumar is a Rickshaw Puller. He has total 3 children (1 daughter and 2 sons). His mother, Late Maya Devi was expired during delivery of child in sep, 2012. His sister, Pooja (10yrs.) is studying in LKG class in the same school. His brother Sandeep (16 yrs old) never gone to school and now working as a weaver in a Saree factory. After the death of his mother Ashish and Pooja are living with his Mama (Maternal Uncle), Mr. Subhash as their father is not interested in their care.

Ashish is suffering from the "B/L Genuvelgum both knee". This problem appeared at the age of 3 yrs when he injured due to an accident. After few days he was not been able to walk but creeping. All the family members became shocked. He had to face difficulty while walking and daily routine activity. His father had not having much money for his treatment. As days were going on, he was becoming a problem for them.

After his mother's death he was living with his mama (Maternal Uncle). We visited his home in our survey and found the child in neglected condition. We called him in our camp.

After checkup, Surgeon has decided for the Corrective Operation of one leg at a time.

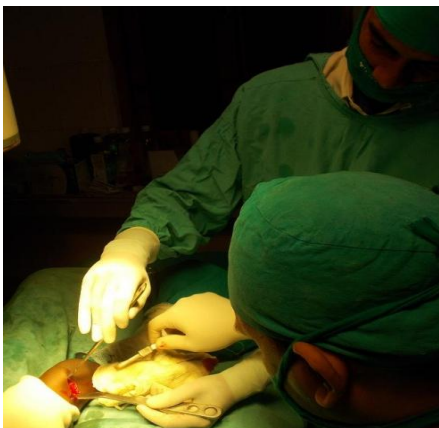

We operated his left leg in September, 2013. After good recovery of left leg we operated his right leg on 14th Nov, 2013. He was discharged on 23rd Nov, 2013 having smile on face of his family.

During 1st Surgery

After First Operation

During 2nd Surgery

Plastering the leg

After 2nd Operation
